

Trethevy Barns

at the heart of magical north cornwall

about us

Trethevy Barns is a small complex of newly converted traditional Cornish barns. They are situated on the North Cornish Coast between the historic village of Tintagel and the picturesque harbour village of Boscastle. Whilst being modern and comfortable the barns retain the character of their history.

Trethevy Barns are ideally located for exploring North Cornwall, surfing, walking the coastal path and visiting many wonderful beaches. A footpath to the spiritual St Nectans Glen Waterfall is right on the doorstep. The nearest beach, is Bossiney cove. This can be accessed via the coastal path through the Rocky Valley which is a short walk from the property. The surfing beaches at Trebarwith Strand, Polzeath and Widemouth Bay are ideal for children and are just a short drive from Trethevy.
